ROTARIES

Truvox's comprehensive range of Orbis single disc rotaries includes machines for stripping, scrubbing, spray cleaning, polishing and shampooing. Versatile, economical and powerful enough for the toughest floor maintenance demands.

The ergonomic design and easy to reach controls on the handle offer operator comfort whilst incorporating dual handed safety interlocks and dead man's switch for increased user safety.

The whole drive system, motor, belt, pulley and hub are mounted on a separate module that isolates them from the rest of the machine via specially designed anti-vibration mountings. As well as eliminating vibration, and consequently operator fatigue, the Orbis design offers a mechanical soft-start, making the machine even easier to use by inexperienced operators and ideal for added comfort on long cleaning shifts.

ORBIS

200/200^{HD}/400

These machines offer exceptional handling and productivity for cleaning and polishing hard floors.

Dual handed safety interlock and dead man's switch for increased user safety

- Orbis 200 is ideal for cleaning, scrubbing, carpet shampooing and bonnet mopping
- Soft start motor system for easy handling
- Orbis 400 is ideal for polishing and spray cleaning
- Optional spray attachment and solution tank available for improved productivity and cleaning results
- Available in 38 cm (15"), 43 cm (17") & 50 cm (20") versions

Soft start motor system for easy handling

Large rear wheels make it easy to transport the machine

Orbis Compact

A lightweight machine for small area cleaning and polishing.

Optional solution tank

- High pad/brush pressure for effective scrubbing
- 28 cm (11") diameter for easy manoeuvrability in confined areas
- 240 rpm for optimum cleaning power
- Optional solution tank for wet scrubbing
- Convenient quick-fold handle for easy storage and transport

Orbis Eco

A cost effective range of single disc rotaries, that offer exceptional handling and productivity for cleaning and polishing hard floors.

Folding handle for easy storage

NEW
Product
COMING
SOON

- Ideal for cleaning contractors
- Low vibration levels mean greater user comfort on long cleaning shifts
- High pad/brush pressure for effective cleaning
- Inclusive of a drive board
- Optional solution tank for wet scrubbing
- **Pre-assembled with the handle and ready to use, saving both time and cost**
- Available in 200 rpm, 400 rpm and Duo dual speed

Orbis Duo

This machine combines the best features of the 200 and 400 single speed machines.

Dual Handed safety interlock

- For scrubbing and polishing
- Ergonomic design and adjustable handle height suitable for any user
- Light weight and low vibration levels give excellent operator comfort – even on long cleaning shifts

Orbis UHS 1500

Ultra high speed single disc burnisher that delivers high productivity and high quality results.

- 1500 rpm for maximum gloss/shine
- Built-in floating pad assembly gives full pad contact
- Straight line operation for maximum productivity
- Easy and comfortable to use, ideal for long cleaning shifts
- Built-in dust collection
- Available in 43 cm (17") or 50 cm (20") working width
- Delivered pre-assembled with handle, saving time
- Folding handle for easy storage

Orbis UHS Cordless Burnisher

Battery powered, ultra high speed rotary burnisher designed for daytime cleaning when customers, staff or patients are present.

- Burnishes at 1500 rpm for highly polished floors
- Up to two hours burnishing on a single battery charge
- Central castor wheel with a more evenly distributed pad loading for better performance
- Low profile for greater accessibility in all those awkward places
- Optional spray attachment

Warranty		1 year

- Easy to use all-in-one machine
- Powerful vacuum, pump and brush motors give maximum productivity
- 250 mm cleaning width
- Powerful built-in rotary brush lifts dirt from deep within the carpet
- High capacity 14 litre solution tank for maximum cleaning and minimum refilling

Hydromist Lite

Light and compact carpet and upholstery spray extractor.

Upholstery cleaning

- Two-stage action gives professional results every time:
 - Spray cleaning solution into soiled carpets or upholstery
 - Extracts dirt and stains with its powerful 1100 W vacuum motor
- Easy to fill and empty removable tanks
- Simple controls for ease of use
- Comes complete with tools for cleaning carpets, upholstery and car interiors

Hydromist 10 & 20 HD

Compact spray extractors for effective carpet cleaning, that are ideal for use in nursing homes, day centres, hotels, shops, offices and the hire trade.

Simple two-switch operation

- Powerful 72 psi pump sprays solution deep into carpet pile releasing more dirt
- Strong 1100W vacuum maximises solution recovery, minimising carpet drying time after cleaning
- Available in 10 or 20 litre capacity
- Compact size enables cleaning in confined areas

Hydromist 55

Spray extractors ideal for large area carpet cleaning in conference centres, hotels and offices.

Large solution and recovery tank openings for easy tank filling and emptying

Hydromist 35

Self-contained carpet extractor that cleans in a single pass and leaves carpets almost dry.

Floating brush head

Available in two models:

- Hydromist 55/100 offers an economical way to clean large carpeted areas with a spray injection of 100 psi
- Hydromist 55/400 offers an in-line heater and variable spray injection of up to 400 psi for the ultimate performance

Both Hydromist 55 models feature:

- 50 litre solution tank to maximise cleaning capacity
- Powerful twin 2-stage vacuum motors that provide excellent solution recovery and minimise drying time

- 35 litre capacity and 45 cm cleaning path is ideal for large areas
- Solution is delivered at 100 psi through two jets for even application
- Floating brush head maintains contact with carpet for improved agitation
- Separate vacuum, brush and pump switches for ease of use
- Compact unit for easy storage

VACUUMS

The Truvox range of commercial vacuum cleaners offers reliability, suction power, task-specific filtration and ease of use. Ideal for day time cleaning in commercial environments.

The Valet Aqua range of wet and dry vacuums offers unbeatable performance for commercial and industrial use. The Valet Aqua range features the Heavy Duty models with polyethylene tanks and the industrial models with stainless steel tanks. All models in this range come complete with a full set of tools.

Valet Tub Vac

Compact and lightweight tub vacuum that has excellent manoeuvrability.

- 4-stage filtration, including HEPA filter, that provides a high filtration of all particles of 0.3 microns and larger
- 10 litre capacity
- Built-in cable rewind prevents tangling and prolongs cable life
- Full-bag indicator light notifies the user when the bag needs replacing or there is a blockage, preventing any damage to the motor

Valet Battery Upright

This battery powered upright vacuum is lightweight and powerful.

Battery level indicator lets you know when re-charging is required

- Lithium ion battery that provides 60 + minutes of runtime
- HEPA bag included
- Convenient carry handle for easy transportation
- Weighing only 5kg makes it ideal for transporting between cleaning jobs

Valet Single Motor Upright

Robust and high performance commercial upright vacuum cleaner.

- 3-stage filtration, including HEPA filter, ensures only filtered air is passed back into the room
- The removable extendable wand is ideal for vacuuming upholstery, stairs and hard to reach areas
- Easily accessible on-board cleaning tools including crevice tool and dusting brush
- Convenient cord wrap

Valet Wide Area Vac

The 70 cm cleaning width and high efficiency twin 1000 W vacuum motors make this vacuum ideal for large area vacuuming.

- 1800 rpm brush loosens deep down dirt and revives carpet pile
- 4-stage clean-air filtration removes dust particles down to 0.3 microns
- Brush height can be adjusted to five different positions, depending on the type of carpet you are vacuuming
- Large 40 litre capacity for maximum productivity

Valet Backpack II

Ideal for small and congested areas such as theatres, buses and trains.

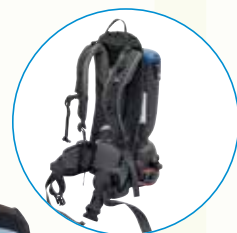

Ergonomic back support

Valet Comfort Pro

These commercial Backpack vacuums provide excellent comfort, great cleaning performance and high productivity.

- Ergonomic back support and harness positions the unit away from operator's body and comfortably supports the machine on the hips
- 4-stage filtration system
- Supplied with carpet and hard floor tools plus accessory tool kit to suit your cleaning needs

- Specially designed for this backpack the Deuter® Aircomfort harness reduces perspiration by 25% and provides a unique fit to the operator
- Unique belt and tool system that will hold the tools and increase overall productivity
- HEPA 4-stage filtration system for improved indoor air quality
- Telescopic wand and easy-glide floor tool for effortless vacuuming
- Complete tool kit included
- Lightweight for operator comfort and reduces operator fatigue
- The Valet Comfort Pro Battery has all the same features plus a run time off 55 minutes and a quick change battery swap to allow for a longer clean

Valet Aqua 20 Heavy Duty

Its 20 litre capacity and compact size makes this vacuum ideal for those smaller jobs in offices, education facilities and leisure centres.

- Swivel hose connector allows the vacuum to be moved without fear of disconnection
- Polyethylene tank for durability
- Castors give exceptional mobility
- Supplied with a full set of tools

Valet Aqua 55 Heavy Duty

This wet/dry vacuum is designed for heavy duty commercial use and to help maintain a safe working environment.

Optional fixed squeegee

- Simple and easy to use
- Avoid slip hazards by removing spillages
- Polyethylene tank for durability
- Drain hose for easy emptying
- Supplied with a full set of tools

Valet Aqua 55 / 75 Industrial

The 18 gauge stainless steel tank adds to its long lasting durability. Perfect for hard floor maintenance jobs, recovering floor strippers and hard floor cleaners.

- Durable trolley with push handle for easy manoeuvrability
- Swivel hose connector allows 360° hose rotation, letting you move the vacuum without fear of disconnection
- Tank hinges on frame for easy "tip and pour" emptying
- Supplied with a full set of tools
- Valet Aqua 75 Industrial has twin motors that give the airflow required for extreme heavy duty performance

SCRUBBER DRYERS

Truvox scrubber dryers are simple to operate, adaptable and produce consistently good cleaning results regardless of operator, floor type or application environments.

Battery Multiwash

The new Battery powered Multiwash 340/Pump is ideal for cleaning during the day where staff, patients and customers are present.

- No trailing cables minimising the risk of trips and slips
- Continuous run time of up to 50 minutes
- Quick change battery system enabling longer run times with a second battery

Optional trolley for easy transportation

No trailing cables minimising the risk of trips and slips

Multiwash

The Multiwash range offers high quality cleaning performance, versatility, ease of use, product quality and durability. The Multiwash will wash, mop, scrub and dry on both hard and soft floor coverings in one single pass.

- High-speed productivity
- Highly effective on “difficult” floors including:
 - Non-slip safety floors
 - Low pile carpets
 - Escalators and travelators
 - Entrance matting
- Excellent manoeuvrability and productivity
- Quiet in operation
- Accessible and removable tanks for fast filling and emptying
- Leaves floors ready to walk on in minutes
- Available in different cleaning widths – 24 cm, 34 cm and 44 cm
- “Pump” models feature 4 litre solution tank and spray pump – making them better for cleaning larger floor areas or for carpet cleaning
- Choice of brushes for normal maintenance cleaning, escalators or intensive scrubbing

Ideal for:

- Food service areas
- Hospitals
- Nursing homes
- Retail premises
- Schools

“I am extremely happy with the Multiwash machine.

Our showroom now provides the perfect environment for the finest cars in the world.”

Brian Dickson

Edinburgh Rolls-Royce showroom

“We had trialled various alternative contra-rotating machines, which we found not to be as easy to use or as effective as the Multiwash. For our services we have found the Multiwash to be the most user-friendly, easy to maintain and cost-effective multi-purpose machine available.”

Chris Ryan

Group Manager (Development)
Cleaning Services for Staffordshire City Council

Solaris

Compact scrubber dryer designed to clean any hard floor type, even non-slip, safety or textured floors.

Cylinder brush maximises cleaning performance

- 750 rpm high pressure cylindrical brush for maximum cleaning performance
- 40 cm cleaning width and twin 15 litre tanks retain compact size yet maximise productivity
- Cleans up to 500 m²/hour, three times as fast as traditional mopping – and with better results
- Scrubbing and solution collection going both forwards and backwards
- Simple, clearly marked controls make the machine exceptionally easy to use
- Simple no-tool brush change

Orbis Battery Scrubber

This compact and manoeuvrable battery operated scrubber dryer is ideal for small to medium sized areas in restaurants, schools, leisure centres and healthcare premises.

Gives an excellent cleaning result and pick up of solution

- 17 litre solution tank capacity making it one of the largest capacity scrubber dryers in its class on the market
- 38 cm cleaning width
- Easy to fill and empty solution and recovery tanks
- Cleans approximately 1100 m²/hour
- Battery run time of 80 minutes
- Inclusive of maintenance free gel batteries and integrated charger making it simple to recharge at any location
- Works on multiple hard floor types including concrete, terrazzo, marble, slate, stone and vinyl composition

CIMEX THREE BRUSH

The Cimex range of three-brush multi-purpose floor cleaning machines offers unbeatable performance, ease of use and increased operator safety.

The triple-brush cleaning mechanism incorporates a contra-rotating planetary drive disc.

This gives a vigorous action that cleans in all directions with the brushes cleaning deep into the grouting of tiled floors, around the contours of rubber studded non-slip floors or into the pile of carpets.

Cimex Cyclone

Cimex cyclone scrubber/polishers are multi-purpose machines suitable for scrubbing, cleaning and polishing virtually every type of floor in a commercial or industrial environment.

Cimex-Encap

A high productivity, cost effective, low moisture carpet cleaning system.

Cimex Heavy-Duty

Heavy duty three-brush machines for scarifying, industrial cleaning and floor preparation.

- Ideal for concrete, wood, vinyl, carpet, rubber or tiles
- Floating brushes provide effective cleaning action of grout lines, slip resistant floors and textured natural stone
- Triple-brush action prevents cable snagging
- Reversing brush action extends brush life
- A complete range of brushes are available for carpet shampooing, scrubbing hard floors, cleaning quarry tiles and any dimpled or uneven floor surface

- The system features polymer chemistry that encapsulates dirt for cleaner carpets for longer
- Cleans up to 300 m² per hour
- Deep cleaning restores brightness to even heavily soiled carpets
- Low moisture cleaning so carpets dry quickly
- No soil attracting residues, which means that carpets stay cleaner for longer

- Cimex triple brush action for safe operation and maximum effectiveness
- Auto reverse action for extended brush life and brush tip re-sharpening
- Triple-brush action prevents cable snagging
- Durable construction, designed for heavy duty industrial use
- Floating brushes effective on uneven surfaces
- Diamond finisher model for preparing and maintaining marble, terrazzo and other stone floors

ESCALATOR / SWEEPERS

The X46 from Truvox offers a simple and effective way of cleaning escalator and travelator treads. The TruSweep 460 is a walk-behind manual sweeper that offers an efficient option for removing dirt and debris from areas that are not accessible by power.

CIMEX X46

Easy to change
disposable bags

Choice of
brushes to
suit cleaning
requirements

- Automatic brush height adjustment for uniform performance
- Portable for multi-escalator sites
- Very easy to use and minimal training required for increased efficiency
- Powered rotating brushes for fast, effective cleaning
- Brush change is quick and easy

Escalator and travelator cleaner that gives a powerful cleaning and vacuuming performance and is ideal for airports, shopping centres, retail stores, underground stations and hotels.

AIR MOVERS

A range of high performance carpet and room dryers that significantly reduce drying time of carpets, walls and ceilings, and are ideal for use after floods, spillages or extraction cleaning.

Downdraft™

Downdraft™ drying pulls warmer air from above driving it down and out across the entire surface of the carpet.

Air Movers

These units have high airflow that aids air circulation and ventilation for rapid drying.

- Three-speed switch to select the optimal airflow for the job
- High density polyethylene housing for durability
- Reinforced motor mounting for reliability and long life
- Easy-carry handles for comfortable portability
- Model available with built-in trolley for easy transport

Whole Room Dryer

With 360° directed air flow allowing rooms to be easily dried without the need to reposition the dryer.

- Heavy-duty castors position unit at optimum downdraft™ height
- One dryer can dry a typical office or room in as little as 15 minutes
- High density polyethylene housing for durability

Axial Fan

This dryer is one of the most effective solutions for structural drying after floods or leaks.

- High-volume, high-velocity airflow for the fastest possible drying
- Model available with built in trolley for easy transport

Hybrid Blower 3400

Compact, lightweight and powerful carpet dryer.

- High airflow for rapid drying
- Three-speed switch to select the optimal airflow for the job
- Easy-carry handles for comfortable portability
- Multiple position settings

TRUVOX INTERNATIONAL Ltd is a leading global manufacturer and supplier of commercial floorcare machines, based in Southampton, England.

From the production of its first electrical polishing machines in the early 1960's, Truvox has successfully expanded both its product range and its geographic reach to a point where it is now recognised in over 70 countries worldwide.

Offering a wide range of well established brands and products that include Orbis rotary burnishers, Hydromist carpet extractors, Valet vacuums, Multiwash scrubber dryers and Cimex three brush technology.

Meeting the needs of a wide range of markets including healthcare, education, retail and facility managers, Truvox work directly and indirectly through a network of dedicated dealers based across the UK and worldwide.

Priding itself in being a world leader in the design and production of innovative floorcare machines, Truvox demonstrates thorough attention to quality standards and is a BSI Registered Company (BS EN ISO 9001:2008).

In 2007 Truvox became part of the Tacony Corporation based in St. Louis, Missouri, USA, providing it with a world class development facility, access to an even wider range of product permutations and extensive sourcing options including manufacturing in the UK, USA, China and India.
